

Presidential Monument Project

Your job is to create a blue-print design or 3-D model of a monument that you design for your president.

Required components of the project:

1. Blue-print sketches or 3-D model of the building, structure, or landscape layout of your monument.
2. Minimum of three statues or sculptures (sketches, models or images of your sculpture idea).
3. Minimum of five engravings featuring quotes from key speeches, letters, or significant primary source documents (laws and policies).
4. Explanation of symbolism in sculptures and other artistic features in your monument.

Scoring Rubric

	10	7	5
Five Key Quotes	Excellent job picking five quotes that highlight the significant impact your president had on America.	Average job picking quotes that highlight significant impact on America. Most of your quotes show an impact.	Incomplete job. Missing two or more of the five quotes from your president. Some quotes seem irrelevant.
Three Sculptures/ Artworks	Excellent job of drawing or creating three pieces (3-D mini-statues, sketches or computer images used to show your plans for sculptures) to visually communicate your president's accomplishments.	Average job of drawing or creating two pieces (3-D mini-statues, sketches or computer images used to show your plans for sculptures) to visually communicate your president's accomplishments.	Incomplete job of drawing or creating one piece (3-D mini-statues, sketches or computer images used to show your plans for sculptures) to visually communicate your president's accomplishments.
Written Explanation of Symbolism Used in Artwork	Excellent job describing the symbolism in all three of your artworks. (2-3 sentences per artwork)	Average job describing the symbolism in all three of your artworks. (2-3 sentences per artwork, but unclear communication of ideas)	Incomplete job describing the symbolism in your artworks. Some or all of your artworks are unexplained.
Building or Landscape Design	Excellent job of creating a building or landscape that communicates a sense of respect for your president and his accomplishments. Your finished product is either a 3-D model, or blueprint sketch of the building or landscape. Appearance is neat and clear to understand.	Average job of creating a building or landscape that communicates a sense of respect for your president and his accomplishments. Your finished product is either a 3-D model, or blueprint sketch of the building or landscape. Appearance is neat and clear to understand.	Incomplete job of creating a building or landscape that communicates a sense of respect for your president and his accomplishments. You are missing either a 3-D model, or blueprint sketch of the building or landscape. Or it is too incomplete to understand.
